Greater Noida, Uttar Pradesh

SUMMARY

Computer Science Engineering student (Graduating 2027) and iOS Intern at Infosys with strong skills in Swift, SwiftUI, Java, Python, JavaScript, Data Structures & Algorithms, and Object-Oriented Programming. Experienced in developing native iOS applications and scalable software solutions. Solved **300+** DSA problems on LeetCode and passionate about mobile application development and software engineering.

EDUCATION

B.Tech – Computer Science & Engineering

2023 – 2027

Galgotias University, Greater Noida

CGPA: 8.7

Class XII – Senior Secondary

2022

Sarvodaya Public School, Aligarh, UP Board

Percentage: 75.6%

Class X – Matriculation

2020

Sarvodaya Public School, Aligarh, UP Board

Percentage: 81.6%

SKILLS

Languages: Swift, Java, Python, JavaScript, C, SQL

iOS Development: Swift, SwiftUI, Xcode

Web Technologies: HTML, CSS, JavaScript, React.js

Version Control Tools: Git, GitHub

Concepts: Object-Oriented Programming (OOPs), Data Structures & Algorithms, DBMS, Operating Systems

EXPERIENCE

iOS Intern | Infosys

- Developing native iOS applications using Swift and SwiftUI.
- Building responsive user interfaces and reusable components.
- Working on testing, debugging, and performance optimization.

PROJECTS

Weather Forecast Web App | HTML, CSS, JavaScript

- Built a responsive weather forecast web app using HTML, CSS, and JavaScript.
- Integrated OpenWeather API to display real-time temperature, humidity, and weather conditions.
- Designed a user-friendly interface with dynamic weather icons for better visualization.

Swift Student Challenge App – TimeLeap | Swift, SwiftUI, Xcode

- Developed TimeLeap, an iOS educational application using Swift, SwiftUI, and Xcode.
- Built interactive features including discovery stories, trivia quizzes, and streak tracking.
- Designed a clean and responsive UI with reusable components and smooth navigation.

KEY COURSES TAKEN

Object-Oriented Programming, Data Structures & Algorithms, Operating Systems, Database Management Systems, Object-Oriented System Design, C Programming

ACHIEVEMENTS

- Selected as an iOS Intern at Infosys.
- Solved **300+** Data Structures & Algorithms problems on LeetCode.
- Hackmania Ideation Round, The Elites (May 2025):** Recognized for creative thinking and innovative problem-solving during the ideation round.
- Qualified the Smart India Hackathon (SIH) Pre-Qualifier round by presenting an innovative solution aligned with the problem statement.
